

Co-funded by the European Community Horizon 2020 Program

Project Title:

ORganizational Behaviour improvement for Energy Efficient administrative public offices

OrbEEt

Grant Agreement No: 649753

Collaborative Project

Public Summary

Deliverable No.	D5.8 Annual dissemination & communication activities report (2nd version)
Workpackage	WP5 Disemmination and Exploitation
Task	T5.2 Dissemination & Communication Activities
Lead beneficiary	SOLINTEL

1. PUBLISHABLE PUBLIC SUMMARY

This deliverable D5.8 “Annual dissemination & communication activities report” notifies the implementation of the dissemination activities over month 24 of OrbEEt project. The objective of this deliverable is to update the dissemination work that has been performed in the second year of the project (M13-M24). The relevant activities performed during the first year of the project have been thoroughly described in D5.2 and D5.5.

The consortium has been contributing to dissemination activities and will continue doing so during the whole project according to the dissemination plan presented.

The participants have worked and participated in the different dissemination activities as planned in the D.5.1 “Dissemination & communication plan and material (1st version)” report, D5.5 “Dissemination & communication plan and material (2nd version)”, and D5.2 “annual dissemination & communication activities report (1st version)”. The setting up and updating the final schedule of the different activities will continue in future versions of the “Dissemination & communication plan” (D5.6 and D5.7) and the “Annual dissemination & communication report” (D5.9)

All partners are doing efforts to constantly commit to proactively communicate and disseminate contents related to the project by exploiting their normal relevant communication channels in order to reach the largest Europe-wide audience. The next table presents a summary of the dissemination activities during the second period.

Month 13 - Month 24								
16	23-24th May 2016	Workshop, Networking	SOL, HYPE RTECH	Project presentation on the ICT for Energy Efficiency contractors meeting	Brussels, Belgium	EU Project Managers	Small (~30 persons)	International
17	3th June 2016	Pilot site training workshop	BAL, Pernik	Awareness workshop in Bulgarian	Pernik	Pilot end-users	Small (~40 persons)	Bulgaria
